

Billing Parish Council

Litter Picking Policy

Where we live matters. Cleaner streets, parks and open spaces provide the backbone for strong and thriving communities. This policy gives instruction for the volunteer litter picking team:

Protective clothing and equipment

- Wear suitable footwear and clothing;
- Wear gloves;
- Use the litter pickers and reflective waistcoats provided.

Dangerous materials

Volunteers should not touch or move the items listed below

Broken glass;
Drug related litter/hypodermic syringes;
Unidentified substance or containers or liquid;
Asbestos;
Large heavy item;
Any other potentially hazardous item.

Instead, please make a note of the location and report it to the GSM. If there is any doubt about an item, do not touch it and inform the GSM know.

Other safety considerations

Volunteers under the age of 18 should be supervised by a parent or a responsible adult.
Be extremely cautious when litter picking at the side of roads.
Restrict litter picking to locations with pavements.
Carry out litter picking facing oncoming traffic.
Remember, volunteers must wear hi-visibility waistcoats and only litter pick in clear daylight.
Do not attempt to clear litter from the road.
Prevent scratches and eye injuries by not reaching into hedges or undergrowth. If an item cannot be reached with the litter picker, then leave it.
Do not litter pick close to rivers or steep slopes.
Consider wildlife. Do not disturb animals or birds that may be nesting and watch out for bee and wasp nests.
Stick to areas that you are allowed to enter or obtain land-owner permission.
It is recommended that before a litter pick begins a visual site inspection and risk assessment is carried out. This will help to identify potential risks and hazards. If there is any doubt about the safety of a site, then please do not carry out the litter pick.

Collection and disposal of waste

We can supply sacks for litter; the sacks will need to be deposited in the yellow waste containers at Bernard Weston Pavilion.
